

HomeFront 8th Annual Selinger Awards

The HomeFront Selinger Awards honour the courage and dedication of frontline workers and volunteers in the domestic violence and justice/law enforcement sectors.

Nominations are received from community agencies, government, law enforcement and the justice system. The roster of nominees is made up of frontline practitioners and volunteers who the nominators believe demonstrate dedication, innovation and effective approaches to the problem of domestic violence and abuse, making significant contributions to families impacted by this crime. A panel of independent judges select two individuals to receive the 2008 HomeFront Selinger Awards at the 8th Annual HomeFront Selinger Awards Celebration, November 18, 2008.

As a sponsor for the Awards Celebration your company's participation and generosity demonstrates your understanding of the importance of eradicating the crime of domestic violence from our community. Your generous support also serves as recognition of those individuals in our community who work so diligently to improve the lives of Calgarians.
